Merinio, offers Absence Management System for Free to Help With COVID-19

Merinio, a Canadian technology company is saving businesses thousands by helping them maintain their operations during this time of crisis. Merinio collects employee absences automatically and contacts employees in bulk.

Montreal, QC: Merinio Inc. today announced the offer of their Absence Management System for free to help companies. This variation of the Merinio software is a lighter version which exclusively contains the tools necessary to keep track of their employees' absences and the related reasons, and to send emergency messages in bulk.

According to Maxime Bourbonnais, the CEO " we all need to help where we can, we know what's it's like to be in an operational crisis and we want to support businesses during this time, our Absence Management System has saved thousands of hours and dollars for many companies, now it's time to give back and help those that need us NOW".

- Merinio's Absence Management System will be available starting March 18, 2020, at no charge through July 1st. we will Automatically collect employees' absences, Categorize employees' absences based on their reason and Communicate messages in bulk to selected groups of employees

For more information, contact Laurent Beauchamp, Marketing Director, at laurent@merinio.com.
